Dear Mr Weisberg:

Please find Check for $4.95 for Whitewash #2. You are doing a job for which the world will be grateful. I Cant understand the Conspiracy of silence among the media and the deliberate attempts to distort and misrepresent your book. It frightens a person. I dont believe Oswald had anything whatever to do with either killing. He was an employee of one of the agencies and because these agencies were involved, he seems to have been involved. But when he awoke in bed that fateful day he was already marked as the sacrificial lamb. He was framed by the government and the Warren Commission. I am not disturbed by the members of the Commission. All the members except Warren were in some way connected with the C.I.A. Russell & Ford thru the Armed Services committees in Congress and Cooper & Boggs in the same way. Dulles & McCoy as former heads of the C.I.A. But I wondered that Warren would allow himself to be used for such a swindle. And the Kennedy family will have to explain why they remain silent when enough information has been revealed to show a lonely, friendless and innocent man was framed for the assassination. And the long silence of the Cronkite's, the Dryer's, the Jeffrons the Considines, the Huntleys, the Brinkleys, the Pearsons is nothing short of Consent to this monumental fraud. (over)

When you finish your work, you will have done 3 things; You will have exposed this whole shabby business of the Warren report; you will have exposed the real killers (but probably not exept by innuendo, the entire Conspiracy) and finally You will have removed from the Oswald name the guilt which have been placed upon it for this killing.

I donot think the assassination can be ever cleared up without reference to these events that preceded it;

1, Kennedy's insistence on meeting Gary Powers at the Airport on his return and speaking with him, alone, first, before the State Dept or C.I.A could caution him not to talk.

2, Kennedy's insistence on speaking with Professor ~~Dod~~ Dornbush of Princeton after he was released from Russia to find out how he turned out to be a spy while the President thought he was a trusted personal representative. Some department planted him with the President for this mission unbeknown to Kennedy;

3, Kennedy's remarks about "we must rethink our thought about the Soviet Union."

4, the personal presidential Hot line to Soviet Union by which he could be his own secretary of state and thus bypass the intrigue of the State Dept and the C.I.A and the National Security Council.

5 the Bay of Pegs matter and most of all the payment of medicine ransom to Cuba, this must have been galling to the heads of Dpart-

ments that have been accustomed to dealing with the Banana republics like Johnson dealt with the Dominican republic. Only in this perspective does the Dallas newspaper headline "Wanted for treason" make any sense. Can you imagine Richard Russell, Congressmans Boggs and Ford and Allen Dulles and J. Edgar Hoover and the C.I.A going along with "We must rethink our thoughts about the Soviet Union? Can you imagine the State Dept, the National Security Council, the C.I.A. and J Edgar being by-passed by the personal hot line between Kennedy and Mr K.

And still as President Kennedy was trying to put some sanity in our foreign policy which he had every right to do. And yet our foreign policy was what is was because over a long period of time from Truman to Kennedy, all the departments and persons named above planned it and made it that way. Kennedy was trying to reverse it. He had 2 more years to go and would then be re-elected for another 4 years. Were these boys & Departments going to ~~it~~ sit on their hands for six years while this pipsqueak made a shambles of everything they had so painstakingly built up? Look at what C.I.A did to Eisenhower and look at what the FBI did to the Rosenbergs
